

Curricula Support – FAQ: What can I not assign myself?

IN THE FOLLOWING CASES, COURSES CANNOT BE ASSIGNED IN THE CS BY THE STUDENTS THEMSELVES

- ✓ **Courses** that are not part of the curriculum.
- ✓ **Courses** that are part of the curriculum but were taken in another degree programme. e.g. courses brought forward from the Master's degree programme of the same name.
- ✓ **Courses** that have **been recognised for a special study plan** point
- ✓ **Free electives**, except **recommended free electives**.
- ✓ **Courses cannot be assigned to those nodes in the curriculum**
 - whose prerequisites are not fulfilled,
 - to which a credit is already attached,
 - and which do not have the same ECTS scope as required in the degree plan.

In these cases, assignment is only possible through the onlinecurricula team.
For this purpose, please contact onlinecurricula@kug.ac.at by e-mail.
