

QUALIFICATION PROFILE – Organ

The Instrumental Studies comprehensively develop the musical and interpretation skills necessary for professional musicians and the technical abilities on the relevant instrument. In particular, the deepening of relevant musical knowledge, practical implementation of this knowledge in solo, chamber and orchestral repertoire, and consideration of artistic and music-reflecting aspects, enable musicians to become universally, practically qualified and expand their options

Organ

Bachelor's Programme:

Through intensive work on organ repertoire (solo, chamber music, symphonic repertoire), the Bachelor's Programme Organ enables students to give concert performances with a high level of technical, stylistic and artistic skill.

Master's Programme:

By expanding their repertoire, deepening their knowledge in musical fields and reflecting on artistic or academic aspects as part of the artistic or academic master's thesis, students achieve specialisation and a high level of artistic maturity grounded in critical reflection.
